

## How We are Providing a Safe Shopping Experience at Sorbello Girls Farm Market

*In an effort to provide a safe shopping experience for our customers, we have implemented new procedures to comply with State recommendations regarding Covid-19.*

- We will have two hand sanitizing stations. One located in the center, front entrance of the market and the other at the front counter where customers will check out.
- In order to protect our customers and employees, we will be wearing masks and gloves.
- We will monitor and limit the amount of customers shopping inside the market and greenhouses. Customers are asked to practice social distancing by maintaining 6 Feet between each other while shopping. We will have tape on the floor near the register to encourage this distancing upon checkout.
- We are offering car side pick-up for those customers who do not feel comfortable coming into the market. You can call the market during business hours (8am to 6pm) to place an order. A weekly list of available items will be listed on our website [sorbellogirls.com](http://sorbellogirls.com). One hour after receiving the call, your order should be ready for car side pick-up. Simply beep the horn and one of our staff will greet you at the car. We are equipped to take several forms of payment. We accept Cash, Credit/ATM Cards, Apple Pay and Google Pay.
- We are offering delivery to those customers who are elderly or immune deficient and are unable to leave their homes. (We will be delivering within a 5 mile radius. We may be able to make distance exceptions on an individual basis depending on staff availability)

*As a small family business in operation since 1961, we appreciate the on-going support of our loyal customer base and will strive to continue to provide high quality, fresh fruits and vegetables, as well as, friendly service during this unprecedented time in our country.*
